

**7TH INTERNATIONAL SCIENTIFIC-PRACTICAL CONFERENCE  
«SIMULATION AND COMPLEX MODELLING IN MARINE ENGINEERING  
AND MARINE TRANSPORTING SYSTEMS»  
(SCM MEMTS-2023)**

## **SCM MEMTS-2023**

### **Invitation to participation**

7th International scientific-practical conference «Simulation and Complex Modelling in Marine Engineering and Marine Transporting Systems» (SCM MEMTS-2023) will be carried out in Saint-Petersburg, Kronstadt (Russia) on **June, 22 2023** at the Congress and Exhibition Center. Conference will be carried within the frames of International Maritime Defense Show 2023 (<https://www.fleet-expo.ru/>).

The scope of conference covers the following areas where modern technologies of simulation and complex modeling of systems are used:

- designing, building and operation of courts and the sea technics;
- shiprepairing & marine equipment updating;
- designing, manufacturing and operation of means of equipment and arms of sea technics;
- fleet supply and service, logistics infrastructure;
- sea transport systems, a sea cargo transportation, logistics;
- arctic shelf development;
- ship-building and ship-repair manufactures, port economy.

We invite all wishing to take part in conference work.

Authors are invited to forward their reports to conference secretariat but not later than **May, 29 2023** (only in this case it is guaranteed, that they will be published as conference materials).

Demands for performance with the report or participation in quality of the listener are accepted in the form of the notice on intention (in formats MS Word \*.doc or \*.docx) since **September, 30, 2022**.

Official site of conference SCM MEMTS-2023 – [www.simulation.su](http://www.simulation.su).

Conference working languages – russian and english.

Conference is spent at financial support of Joint-Stock Corporation «Shipbuilding & Shiprepair Technology Center», Saint-Petersburg, Russia.

Organizers and founders of conference:

- Joint-Stock Corporation «Shipbuilding & Shiprepair Technology Center», Saint-Petersburg;
- St. Petersburg Institute for Informatics and Automation of Russian Academy of Sciences, Saint-Petersburg;
- Noncommercial Partnership «National Simulation Society», Saint-Petersburg.

Information support of the conference is provided by scientific, technical and production magazine «Shipbuilding», St. Petersburg.

For presentation of reports computer will be provided. The reporter can use his own computer. Its kindly requested to prepare all scope of illustrative material to the report as software presentation (Microsoft PowerPoint format) and/or video films (including postscored video films). Simultaneous interpretation of reports will be provided.

Participation in conference the free.

Booking of places and placing in hotels is carried out by participants independently.

The preliminary program of conference will be placed on a site [www.simulation.su](http://www.simulation.su).

Please, in due time direct notices on intention of participation in quality of the listener or the

lecturer (under the form resulted on an official site of conference) in secretary of conference.

Conference secretariat:

Joint-Stock Corporation «Shipbuilding & Shiprepair Technology Center», 198095,  
7 Promyshlennaya str., Saint-Petersburg, Russia.

Head of Secretariat – Mr. Mikhail Dolmatov.

Tel.: 8-(812)-610-64-69
